President Bill Hall held his last official Rotary meeting today. Below is a brief message from our President.

Fellow Rotarians, Thank you so much for such a supportive year. I came into this year with many expectations. I felt in some areas we fell short due to my own inexperience. I felt we also grew in areas of fellowship and understanding on how Rotary works. In the long run, I am glad that our group realized just how supportive we are to one another and how when the time comes we all step up to help one another as well as others in need.

It really shows that we truly respect and understand the concept of "Service above Self".

As President I want to thank Dan Lowry for his vision on our Rotarians at Work day. I feel it was a project that we would never have been attempted or even completed. Thanks to all the veteran Rotarian's for not becoming irritated at a rookie President who did not understand it all and had a hard time Admitting that he did not know it all. Last but not least, I thank Monica. Monica never hesitated to jump into the mix and become president.

I really can't think of any other Rotarian who has a more stressful job and to take on Rotary President? Monica may need to seek treatment at her own hospital. I really imagine though, that she feels the same as I do. That our Sunrise Rotary is so talented that the group will take care of business and we will be truly successful.

The one thing I leave you with is this: Change is good and go with it. We as group need to train others so that the whole group can move forward. We will not be blessed forever with the talents of certain individuals now, but if we can harness their experience and lighten their own work load, then all will benefit.

I hope all of my fellow Rotarians have learned how important honoring each other is through the Paul Harris Coin and through our fellowship projects. Lets get behind Monica and work to make this year a great year for the Alturas Sunrise Rotary Club.

Thanks,

Happy Pot!
